PROFILE

I am a passionate and professional web developer with over 6 years of experience in frontend web development and website design. Strong creative and analytical skills. Team player with an eye for detail. I am always ready to learn and willing to push the limits to achieve the required goals.

EXPERIENCE

SOFTWARE DEVELOPER

@ ATLAS ANALYTICS

2022

- Used my experience with markup languages (HTML) to create static web pages.
- Used my experience with JavaScript, CSS, and React.js to optimize the webpages for non-static websites.
- Engaged responsive website scaling, code refactoring, version controlling, code optimization, unit testing etc.

FULL STACK WEB DEVELOPER

@ BEETCODE TECH

2021 - 2023

- Responsive website development.
- I was able to engage in-browser testing and debugging for Quality Assurance.
- SEO implementation increased traffic and sales by over 32%.

JUNIOR FRONTEND DEVELOPER

@KONGA

2019- 2020

- Responsive website design using media queries.
- My familiarity with software like Figma, Adobe Suite, Photoshop, and content management systems helped me to interact with designs and easily turn them into web pages using code.
- Used my understanding of layout aesthetics to integrate UI Design using code.
